

Member Benefits

LBDPCN Member & Medical Home Supports

Medical Home Team

This is a priority program providing continuous quality improvement and evaluation supports for your clinic. Our team will also support the implementation of CII/CPAR and practice improvement projects.

Practice Resources & Supports

- Dedicated Referral Coordinator/Referral Coordination Program
- ConnectMD specialist advice line
- Language Line translation services (including ASL)
- Continuing Medical Education
- LBDPCN clinical practice toolkits

Communication & Peer Connection

- Secure Member Portals
- Monthly newsletters
- Physician networking events

Centralized Clinical Services

By referral, your patients can access:

- Team-Based Care Program
 - Chronic disease management
 - Mental health & social work supports
 - Nutrition services
 - Exercise and active living programs
 - Tobacco cessation support
- Psychiatry specialty linkage
- MSK specialty linkage
- Geriatric team support
- Group health & wellness classes at our PCN and in the Edmonton Zone (in-person and virtual, no referral needed)

Clinic-Based Allied Health Services

Depending on panel size, clinic needs and space, your team may be eligible for the following clinic-based supports:

- Nursing (NP, RN, LPN)
- Behavioural Health Consultants
- Registered Dietitians
