

Family 2 Family 2026

We invite parents/familial caregivers to join our Glenrose clinicians and community partners for **virtual presentations** providing strategies and resources on topics that affect the quality of life for children and families.

NeuroRelational Framework – Toxic Stress, Relationships and Individual Differences

Wednesday, June 3, 2026
6:00 – 7:30pm

Join Dr. Carole Anne Hapchyn, Psychologist, ElmTree Clinic as she provides an overview of how this framework supports families and practitioners to have a different understanding of children's behaviours, helping caregivers identify stress responses in their children and themselves.

The framework provides a map to organize customized and collaborative holistic care for children with neurodiversity, trauma, medical, and mental health challenges.

To register and receive upcoming Family 2 Family calendars

Please contact Charlene Prochnau
at (780) 735-7999 ext 15578 or email at PFRC@ahs.ca
